

Company Facts At A Glance

- Corporate HQ:** 475 Springfield Avenue
4th Floor
Summit, New Jersey
- Parent Company:** Nemex, Inc. is a leading Application Service Provider (ASP) that develops and markets Internet communications and management solutions to member-based organizations across the U.S.
- Local Offices:** Sales & Service Representatives Nationwide
- Overview:** **Country Club Connections™ (CCC)** focuses exclusively on delivering customized, interactive communications solutions for country clubs, courses and related associations. CCC offers unique web community applications and content management tools to enable both members and staff to communicate, collaborate and update information online. CCC solutions empower your club, and its members, to tailor their website community to meet their specific needs.
- Solutions:** The **Member Advantage™** application offers customizable features that empower members to interact and communicate with each other and your club's staff in a **private website environment**— 24 hours a day, 7 days a week, from anywhere in the world. The design of the private community will reflect the look and feel of your club (logo, colors, photos), as well as the facilities, content and areas of interest. Emulating your true club experience *online*, including the ability for two-way communication, will promote increased club involvement and an enhanced member experience.
- Key Features:** *Reservations* for activities and events; *Sign-up* for lessons and tournaments; *Searchable photo gallery*; *One click access to important club information* like newsletters, notices and rules; *Real-time communications* using club mail, message boards and surveys; *Personalization of information* by enabling members to add 'Favorite Links', post scores and track performance, and modify their profiles; *Direct feeds for useful information* like 'Quick Access' features, weather updates, facilities status, club account details...*and much more.*
- NEW** solutions being offered by **Country Club Connections:**
- Public website design and management services
 - Content management tools for private and public sites
 - Email marketing system to support promotional efforts
 - Online help tools...and more—just ask for details
- Service Support:** A dedicated *Personal Account Manager* is assigned to your club to understand your needs, ensure 100% delivery of what is promised, train your staff, communicate suggestions, and address member inquires. We believe our people make the difference—and we hope you will too.
- Clients:** **Over 450 clubs and courses.** Ask for our *Client Roster and Client Feedback* fact sheets for references from our existing partners.
